FreezPen Cryotherapy & Skin Lesions

What is FreezPen?

FreezPen precisely applies nitrous oxide at −89 °C to confirmed benign skin lesions, including skin tags, warts, solar lentigines and milia.

After treatment

Do not pick the area; let it dry and detach naturally. A lesion that changes, bleeds or grows must be assessed by a physician before treatment.

Current fees

$89 for 1 to 3 lesions.
$149 for 4 to 6 lesions.
$199 for 7 or more lesions.
Cosmetic service not covered by insurance; taxes extra.

Practitioner

Treatment is performed by Liliana Ciocoi, a SharpLight-certified aesthetician and laser technician with over 10 years of experience.

Prices verified September 6, 2026. Prices in Canadian dollars, before GST and QST. Current list: rehabital.ca/tarifs.
